RFD: Judiciary

First Read: 09-FEB-16
SYNOPSIS: Under existing law, certain controlled substance analogues are included in Schedule I of the controlled substances list. Possession, distribution, and trafficking of these compounds are unlawful, and violations are subject to the existing criminal penalties for distribution and possession.

This bill would add Mitragynine and Hydroxymitragynine, commonly known as Kratom or Vicazen, to Schedule I of the controlled substances list.

Amendment 621 of the Constitution of Alabama of 1901, now appearing as Section 111.05 of the Official Recompilation of the Constitution of Alabama of 1901, as amended, prohibits a general law whose purpose or effect would be to require a new or increased expenditure of local funds from becoming effective with regard to a local governmental entity without enactment by a 2/3 vote unless: it comes within one of a number of
specified exceptions; it is approved by the affected entity; or the Legislature appropriates funds, or provides a local source of revenue, to the entity for the purpose.

The purpose or effect of this bill would be to require a new or increased expenditure of local funds within the meaning of the amendment. However, the bill does not require approval of a local governmental entity or enactment by a 2/3 vote to become effective because it comes within one of the specified exceptions contained in the amendment.

A BILL
TO BE ENTITLED
AN ACT

To amend Section 20-2-23, Code of Alabama 1975, relating to Schedule I of the controlled substances list, to include additional controlled substances; and in connection therewith would have as its purpose or effect the requirement of a new or increased expenditure of local funds within the meaning of Amendment 621 of the Constitution of Alabama of 1901, now appearing as Section 111.05 of the Official Recompilation of the Constitution of Alabama of 1901, as amended.

BE IT ENACTED BY THE LEGISLATURE OF ALABAMA:
Section 1. Section 20-2-23, Code of Alabama 1975, is amended to read as follows:

"§20-2-23.

"(a) The Legislature finds the following:

"(1) New synthetic substances are being created which are not controlled under the provisions of existing state law but which have a potential for abuse similar to or greater than that for substances controlled under existing state law. These new synthetic substances are called "synthetic controlled substances or synthetic controlled substance analogues" and can be designed to produce a desired pharmacological effect and to evade the controlling statutory provisions. Synthetic controlled substances or synthetic controlled substance analogues are being manufactured, distributed, possessed, and used as substitutes for controlled substances.

"(2) The hazards attributable to the traffic in and use of a synthetic controlled substance or synthetic controlled substance analogues are increased because their unregulated manufacture produces variations in purity and concentration.

"(3) Many new synthetic substances are untested, and it cannot be immediately determined whether they have useful medical or chemical purposes.

"(4) The uncontrolled importation, manufacture, distribution, possession, or use of controlled substance
analogues has a substantial and detrimental impact on the health and safety of the people of this state.

"(5) Synthetic controlled substances or synthetic controlled substance analogues can be created more rapidly than they can be identified and controlled by action of the Legislature. There is a need for a speedy determination of their proper classification under existing law. It is therefore necessary to identify and classify new substances that have a potential for abuse, so that they can be controlled in the same manner as other substances controlled under existing state law.

"(b) The controlled substances listed in this section are included in Schedule I:

Although this bill would have as its purpose or effect the requirement of a new or increased expenditure of local funds, the bill is excluded from further requirements and application under Amendment 621, now appearing as Section 111.05 of the Official Recompilation of the Constitution of Alabama of 1901, as amended, because the bill defines a new crime or amends the definition of an existing crime.

Section 3. This act shall become effective immediately following its passage and approval by the Governor, or its otherwise becoming law.
