8 SYNOPSIS: Under existing law, by regulation of the
9 Department of Conservation and Natural Resources,
10 as it relates to hunting deer on private lands,
11 there is a rebuttable presumption that any bait or
12 feed located beyond 100 yards from the hunter and
13 not within the line of sight of the hunter is not a
14 lure, attraction or enticement to, on, or over the
15 areas where the hunter is attempting to kill or
16 take the deer.

17 This bill would allow the taking of
18 whitetail deer or feral swine by means of bait when
19 a person purchases a baiting privilege license from
20 the Department of Conservation and Natural
21 Resources.
22

23 A BILL
