8 SYNOPSIS: Under existing law, the practice of marriage
9 and family therapy includes assessing,
10 understanding, and treating emotional and mental
11 problems, but does not specifically include the
12 diagnosis of the problems.

13 This bill would specifically include within
14 the definition of the practice of marriage and
15 family therapy the utilization of principles to
16 diagnose mental and emotional disorders. The bill
17 would also delete certain limitations on the
18 practice of marriage and family therapy.
