SB54

194392-5

By Senator Shelnutt

RFD: Banking and Insurance

First Read: 05-MAR-19
SYNOPSIS: Under existing law, insurers and other entities are required to provide notice to certain persons upon a breach of security resulting in the unauthorized acquisition of sensitive personally identifying information.

This bill would require insurers and other entities licensed by the Department of Insurance to develop, implement, and maintain an information security program and report certain cybersecurity events to the Commissioner of Insurance. The bill would provide that information provided to the Commissioner of Insurance pursuant to this act would be confidential and privileged under certain conditions. This bill would also provide civil penalties for violations. The bill is based on the Insurance Data Security Model Law of the National Association of Insurance Commissioners.

A BILL

TO BE ENTITLED
AN ACT

Relating to insurance; to require insurers and other entities licensed by the Department of Insurance to develop, implement, and maintain an information security program; to provide for reporting to the Commissioner of Insurance, including the reporting of cybersecurity events; to provide that information provided to the commissioner pursuant to this act would be confidential and privileged under certain conditions; to provide for civil penalties under certain conditions; and for this purpose to amend Sections 10A-20-6.16, as corrected by Act 2018-406, the Codification Act, relating to certain nonprofit corporations, and 27-21A-23, Code of Alabama 1975, relating to health maintenance organizations.

BE IT ENACTED BY THE LEGISLATURE OF ALABAMA:

Section 1. Short title.

This act shall be known and may be cited as the Insurance Data Security Law.

Section 2. Purpose and intent.

(a) Notwithstanding any other provision of law, this act establishes the exclusive state standards applicable to licensees for data security, the investigation of a cybersecurity event as defined in Section 3, and notification to the Commissioner of Insurance of a cybersecurity event as provided by this act.
(b) This act may not be construed to create or imply a private cause of action for a violation of this act nor may it be construed to curtail a private cause of action which would otherwise exist in the absence of this act.

Section 3. Definitions.

For purposes of this act, the following words have the following meanings:

(1) AUTHORIZED INDIVIDUAL. An individual known to and screened by the licensee and determined to be necessary and appropriate to have access to the nonpublic information held by the licensee and its information systems.

(2) COMMISSIONER. The Commissioner of Insurance.

(3) CONSUMER. An individual, including, but not limited to, an applicant, policyholder, insured, beneficiary, claimant, or certificate holder, who is a resident of this state and whose nonpublic information is in the possession, custody, or control of a licensee.

(4)a. CYBERSECURITY EVENT. An event resulting in unauthorized access to, disruption, or misuse of an information system or nonpublic information stored on an information system.

b. The term cybersecurity event does not include the unauthorized acquisition of encrypted nonpublic information if the encryption, process, or key is not also acquired, released, or used without authorization.

c. Cybersecurity event does not include an event with regard to which the licensee has determined that the
nonpublic information accessed by an unauthorized person has not been used or released and has been returned or destroyed.

(5) DEPARTMENT. The Department of Insurance.

(6) ENCRYPTED. The transformation of data into a form which results in a low probability of assigning meaning without the use of a protective process or key.

(7) INFORMATION SECURITY PROGRAM. The administrative, technical, and physical safeguards that a licensee uses to access, collect, distribute, process, protect, store, use, transmit, dispose of, or otherwise handle nonpublic information.

(8) INFORMATION SYSTEM. A discrete set of electronic information resources organized for the collection, processing, maintenance, use, sharing, dissemination, or disposition of electronic nonpublic information, as well as any specialized system such as industrial/process controls systems, telephone switching and private branch exchange systems, and environmental control systems.

(9) LICENSEE. Any person licensed, authorized to operate, or registered, or required to be licensed, authorized, or registered pursuant to the insurance laws of this state but shall not include a purchasing group or a risk retention group chartered and licensed in a state other than this state or a licensee that is acting as an assuming insurer that is domiciled in another state or jurisdiction.
(10) MULTI-FACTOR AUTHENTICATION. Authentication through verification of at least two of the following types of authentication factors:

a. Knowledge factors, such as a password.

b. Possession factors, such as a token or text message on a mobile phone.

c. Inherence factors, such as a biometric characteristic.

(11) NONPUBLIC INFORMATION. Electronic information that is not publicly available information and is any of the following:

a. Any information concerning a consumer which because of name, number, personal mark, or other identifier can be used to identify the consumer, in combination with any one or more of the following data elements:

   1. The Social Security number.

   2. The driver's license number or nondriver identification card number.

   3. Any financial account number or a credit or debit card number.

   4. Any security code, access code, or password that would permit access to a consumer's financial account.

   5. Biometric records.

c. Any information or data, except age or gender, in any form or medium created by or derived from a health care provider or a consumer, that can be used to identify a particular consumer, and that relates to any of the following:
1. The past, present, or future physical, mental, or behavioral health or condition of a consumer or a member of the consumer's family.

2. The provision of health care to any consumer.

3. Payment for the provision of health care to any consumer.

(12) PERSON. Any individual or any nongovernmental entity, including, but not limited to, any nongovernmental partnership, corporation, branch, agency, or association.

(13)a. PUBLICLY AVAILABLE INFORMATION. Any information that a licensee has a reasonable basis to believe is lawfully made available to the general public from federal, state, or local government records; widely distributed media; or disclosures to the general public that are required to be made by federal, state, or local law.

b. For the purposes of this definition, a licensee has a reasonable basis to believe that information is lawfully made available to the general public if the licensee has taken steps to determine both of the following:

1. That the information is of the type that is available to the general public.

2. Whether a consumer can direct that the information not be made available to the general public and, if so, that the consumer has not done so.

(14) RISK ASSESSMENT. The risk assessment that each licensee is required to conduct under subsection (c) of Section 4.
STATE. The State of Alabama.

THIRD-PARTY SERVICE PROVIDER. A person, not defined as a licensee, who contracts with a licensee to maintain, process, store, or access nonpublic information through the provision of services to the licensee.

Section 4. Information Security Program.

(a) Commensurate with the size and complexity of the licensee, the nature and scope of the activities of the licensee, including its use of third-party service providers, and the sensitivity of the nonpublic information used by the licensee or in the possession, custody, or control of the licensee, each licensee shall develop, implement, and maintain a comprehensive written information security program based on the risk assessment of the licensee that contains administrative, technical, and physical safeguards for the protection of nonpublic information and the information system of the licensee.

(b) The information security program of a licensee shall be designed to do all of the following:

(1) Protect the security and confidentiality of nonpublic information and the security of the information system.

(2) Protect against any threats or hazards to the security or integrity of nonpublic information and the information system.
(3) Protect against unauthorized access to or use of nonpublic information and minimize the likelihood of harm to any consumer.

(4) Define and periodically reevaluate a schedule for retention of nonpublic information and a mechanism for its destruction when no longer needed.

(c) The licensee shall do all of the following:

(1) Designate one or more employees, an affiliate, or an outside vendor to act on behalf of the licensee who is responsible for the information security program.

(2) Identify reasonably foreseeable internal or external threats that could result in unauthorized access, transmission, disclosure, misuse, alteration, or destruction of nonpublic information, including threats to the security of information systems and nonpublic information that are accessible to or held by third-party service providers.

(3) Assess the likelihood and potential damage of these threats, taking into consideration the sensitivity of the nonpublic information.

(4) Assess the sufficiency of policies, procedures, information systems, and other safeguards in place to manage these threats, including consideration of threats in each relevant area of the operations of the licensee, including all of the following:

a. Employee training and management.
b. Information systems, including network and software design, as well as information classification, governance, processing, storage, transmission, and disposal.

c. Detecting, preventing, and responding to attacks, intrusions, or other systems failures.

(5) Implement information safeguards to manage the threats identified in its ongoing assessment, and no less than annually, assess the effectiveness of the key controls, systems, and procedures of the safeguards.

(d) Based on its risk assessment, the licensee shall do all of the following:

(1) Design its information security program to mitigate the identified risks commensurate with the size and complexity of the licensee, the nature and scope of the activities of the licensee, including the use by the licensee of third-party service providers, and the sensitivity of the nonpublic information used by the licensee or in the possession, custody, or control of the licensee.

(2) Determine which security measures listed below are appropriate and, if appropriate, do the following to implement the security measures:

   a. Place access controls on information systems, including controls to authenticate and permit access only to authorized individuals to protect against the unauthorized acquisition of nonpublic information.

   b. Identify and manage the data, personnel, devices, systems, and facilities that enable the organization to
achieve business purposes in accordance with their relative importance to business objectives and the risk strategy of the licensee.

c. Restrict physical access to nonpublic information to authorized individuals only.

d. Protect by encryption or other appropriate means, all nonpublic information while being transmitted over an external network and all nonpublic information stored on any laptop computer or other portable computing or storage device or media.

e. Adopt secure development practices for in-house developed applications utilized by the licensee.

f. Modify the information system in accordance with the information security program of the licensee.

g. Utilize effective controls, which may include multi-factor authentication procedures for employees accessing nonpublic information.

h. Regularly test and monitor systems and procedures to detect actual and attempted attacks on, or intrusions into, information systems.

i. Include audit trails within the information security program designed to detect and respond to cybersecurity events and designed to reconstruct material financial transactions sufficient to support normal operations and obligations of the licensee.

j. Implement measures to protect against destruction, loss, or damage of nonpublic information due to
environmental hazards, such as fire and water damage or other
catastrophes or technological failures.

k. Develop, implement, and maintain procedures for
the secure disposal of nonpublic information in any format.

(3) Include cybersecurity risks in the enterprise
risk management process of the licensee.

(4) Stay informed regarding emerging threats or
vulnerabilities and utilize reasonable security measures when
sharing information relative to the character of the sharing
and the type of information shared.

(5) Provide its personnel with cybersecurity
awareness training that is updated as necessary to reflect
risks identified by the licensee in the risk assessment.

(e) If the licensee has a board of directors, the
board or an appropriate committee of the board, at a minimum,
shall do all of the following:

(1) Require the executive management of the licensee
or its delegates to develop, implement, and maintain the
information security program of the licensee.

(2) Require the executive management of the licensee
or its delegates to report in writing at least annually, all
of the following:

a. The overall status of the information security
program of the licensee and the compliance of the licensee
with this act.

b. Material matters related to the information
security program, addressing issues such as risk assessment,
risk management and control decisions, third-party service
provider arrangements, results of testing, cybersecurity
events or violations and the responses of management thereto,
and recommendations for changes in the information security
program.

(3) If executive management delegates any of its
responsibilities under this section, it shall oversee the
development, implementation, and maintenance of the
information security program of the licensee prepared by the
delegate and shall receive a report from the delegate
complying with the requirements of the report to the board of
directors.

(f)(1) A licensee shall exercise due diligence in
selecting a third-party service provider.

(2) A licensee shall require a third-party service
provider to implement appropriate administrative, technical,
and physical measures to protect and secure the information
systems and nonpublic information that are accessible to, or
held by, the third-party service provider.

(g) The licensee shall monitor, evaluate, and
adjust, as appropriate, the information security program
consistent with any relevant changes in technology, the
sensitivity of its nonpublic information, internal or external
threats to information, and the changing business arrangements
of the licensee, such as mergers and acquisitions, alliances
and joint ventures, outsourcing arrangements, and changes to
information systems.
(h)(1) As part of its information security program, each licensee shall establish a written incident response plan designed to promptly respond to, and recover from, any cybersecurity event that compromises the confidentiality, integrity, or availability of nonpublic information in its possession, the information systems of the licensee, or the continuing functionality of any aspect of the business or operations of the licensee.

(2) The incident response plan shall address all of the following areas:

a. The internal process for responding to a cybersecurity event.

b. The goals of the incident response plan.

c. The definition of clear roles, responsibilities, and levels of decision-making authority.

d. External and internal communications and information sharing.

e. Identification of requirements for the remediation of any identified weaknesses in information systems and associated controls.

f. Documentation and reporting regarding cybersecurity events and related incident response activities.

g. The evaluation and revision as necessary of the incident response plan following a cybersecurity event.

(i) Each insurer domiciled in this state, annually on or before February 15, shall submit to the commissioner a written statement certifying that the insurer is in compliance
with the requirements set forth in this act. Each insurer shall maintain for examination by the department all records, schedules, and data supporting this certificate for a period of five years. To the extent an insurer has identified areas, systems, or processes that require material improvement, updating, or redesign, the insurer shall document the identification and the remedial efforts planned and underway to address the areas, systems, or processes. The documentation shall be available for inspection by the commissioner.

Section 5. Investigation of a Cybersecurity Event.

(a) If the licensee learns that a cybersecurity event has or may have occurred, the licensee, or an outside vendor or service provider designated to act on behalf of the licensee, shall conduct a prompt investigation.

(b) During the investigation, the licensee, or an outside vendor or service provider designated to act on behalf of the licensee, at a minimum, shall determine as much of the following information as possible:

(1) If a cybersecurity event has occurred.

(2) The nature and scope of the cybersecurity event.

(3) Any nonpublic information that may have been involved in the cybersecurity event.

(c) The licensee shall perform or oversee reasonable measures to restore the security of the information systems compromised in the cybersecurity event in order to prevent further unauthorized acquisition, release, or use of nonpublic
information in the possession, custody, or control of the licensee.

(d) If the licensee learns that a cybersecurity event has or may have occurred in a system maintained by a third-party service provider, the licensee shall complete the steps listed in subsection (b) or confirm and document that the third-party service provider has completed those steps.

(e) The licensee shall maintain records concerning all cybersecurity events for a period of at least five years from the date of the cybersecurity event and shall produce those records upon demand of the commissioner.

(a) Each licensee shall notify the commissioner as promptly as possible, but in no event later than three business days from a determination that a cybersecurity event involving nonpublic information that is in the possession of a licensee has occurred when either of the following criteria has been met:

(1) This state is the state of domicile of the licensee, in the case of an insurer, or this state is the home state of the licensee, in the case of a producer, as those terms are defined in Section 27-7-1, Code of Alabama 1975, and the cybersecurity event has a reasonable likelihood of materially harming a consumer residing in this state or reasonable likelihood of materially harming any material part of the normal operation of the licensee.
(2) The licensee reasonably believes that the nonpublic information involves 250 or more consumers residing in this state and the cybersecurity event is either of the following:

a. A cybersecurity event impacting the licensee that the licensee is required to notify any government body, self-regulatory agency, or any other supervisory body about pursuant to any state or federal law.

b. A cybersecurity event that has a reasonable likelihood of materially harming either of the following:
   1. Any consumer residing in this state.
   2. Any material part of the normal operation of the licensee.

(b) The licensee shall provide as much of the following information as possible in electronic form as directed by the commissioner:

(1) The date of the cybersecurity event.

(2) A description of how the information was exposed, lost, stolen, or breached, including the specific roles and responsibilities of any third-party service providers.

(3) How the cybersecurity event was discovered.

(4) Whether any lost, stolen, or breached information has been recovered and if so, how this was done.

(5) The identity of the source of the cybersecurity event.
(6) Whether the licensee has filed a police report or has notified any regulatory, government, or law enforcement agencies and, if so, when the notification was provided.

(7) A description of the specific types of information acquired without authorization. Specific types of information means particular data elements including, for example, types of medical information, types of financial information, or types of information allowing identification of the consumer.

(8) The period during which the information system was compromised by the cybersecurity event.

(9) The number of total consumers in this state affected by the cybersecurity event. The licensee shall provide the best estimate in the initial report to the commissioner and update this estimate with each subsequent report to the commissioner pursuant to this section.

(10) The results of any internal review identifying a lapse in either automated controls or internal procedures, or confirming that all automated controls or internal procedures were followed.

(11) A description of efforts being undertaken to remediate the situation which permitted the cybersecurity event to occur.

(12) A copy of the privacy policy of the licensee and a statement outlining the steps the licensee will take to investigate and notify consumers affected by the cybersecurity event.
The name of a contact person who is both familiar with the cybersecurity event and authorized to act for the licensee.

(c) The licensee shall have a continuing obligation to update and supplement initial and subsequent notifications regarding material changes to previously provided information relating to the cybersecurity event.

(d) The licensee shall comply with Act 2018-396 of the 2018 Regular Session as applicable and provide a copy of the notice sent to consumers under the law to the commissioner when a licensee is required to notify the commissioner under subsection (a).

(e)(1) If the licensee becomes aware of a cybersecurity event in a system maintained by a third-party service provider, the licensee shall treat the event in the same manner as provided under subsection (a) unless the third-party service provider provides the notice required under subsection (a) to the commissioner.

(2) The computation of deadlines of a licensee shall begin on the day after the third-party service provider notifies the licensee of the cybersecurity event or the licensee otherwise has actual knowledge of the cybersecurity event, whichever is sooner.

(3) Nothing in this act shall prevent or abrogate an agreement between a licensee and another licensee, a third-party service provider, or any other party to fulfill
any of the investigation requirements of Section 5 or the notice requirements of this section.

(f)(1) a. In the case of a cybersecurity event involving nonpublic information that is used by the licensee that is acting as an assuming insurer or in the possession, custody, or control of a licensee that is acting as an assuming insurer and that does not have a direct contractual relationship with the affected consumers, the assuming insurer shall notify its affected ceding insurers and the commissioner of its state of domicile within three business days of making the determination that a cybersecurity event has occurred.

b. The ceding insurers that have a direct contractual relationship with affected consumers shall fulfill the consumer notification requirements under Act 2018-396, 2018 Regular Session, and any other notification requirements relating to a cybersecurity event under this section.

(2)a. In the case of a cybersecurity event involving nonpublic information that is in the possession, custody, or control of a third-party service provider of a licensee that is an assuming insurer, the assuming insurer shall notify its affected ceding insurers and the commissioner of its state of domicile within three business days of receiving notice from its third-party service provider that a cybersecurity event has occurred.

b. The ceding insurers that have a direct contractual relationship with affected consumers shall fulfill the consumer notification requirements under Act 2018-396,
2018 Regular Session, and any other notification requirements relating to a cybersecurity event under this section.

(3) Any licensee acting as assuming insurer shall have no other notice obligations relating to a cybersecurity event or other data breach under this section or any other law of this state.

(g)(1) In the case of a cybersecurity event involving nonpublic information that is in the possession, custody, or control of a licensee that is an insurer or its third-party service provider for which a consumer accessed the services of the insurer through an independent insurance producer, and for which consumer notice is required by Act 2018-396, 2018 Regular Session, the insurer shall notify the producers of record of all affected consumers of the cybersecurity event no later than the time at which notice is provided to the affected consumers.

(2) The insurer is excused from this obligation for any producers who are not authorized by law or contract to sell, solicit, or negotiate on behalf of the insurer, and in those instances in which the insurer does not have the current producer of record information for an individual consumer.

Section 7. Power of Commissioner.

(a) The commissioner may examine and investigate into the affairs of any licensee to determine whether the licensee has been or is engaged in any conduct in violation of this act. This power is in addition to the powers which the commissioner has under Section 27-2-21, Code of Alabama 1975.
The investigation or examination shall be conducted pursuant to Sections 27-2-22, et seq., Code of Alabama 1975.

(b) If the commissioner has reason to believe that a licensee has been or is engaged in conduct in this state which violates this act, the commissioner may take action that is necessary or appropriate to enforce this act.

Section 8. Confidentiality.

(a)(1) Any documents, materials, or other information in the control or possession of the department that are furnished by a licensee or an employee or agent acting on behalf of a licensee pursuant to subsection (i) of Section 4; subdivisions (2), (3), (4), (5), (8), (10), and (11) of subsection (b) of Section 6; or that are obtained by the commissioner in an investigation or examination pursuant to Section 7 shall be confidential by law and privileged, shall not be subject to any open records, freedom of information, sunshine, or other public record disclosure laws, shall not be subject to subpoena, and shall not be subject to discovery or admissible in evidence in any private civil action. The commissioner shall not otherwise make the documents, materials, or other information public without the prior written consent of the licensee.

(2) Notwithstanding subdivision (1), the commissioner may use the documents, materials, or other information in the furtherance of any regulatory or legal action brought as a part of the duties of the commissioner.
(b) Neither the commissioner nor any person who received documents, materials, or other information while acting under the authority of the commissioner or with whom the documents, materials, or other information are shared pursuant to this section shall be permitted or required to testify in any private civil action concerning any confidential documents, materials, or information subject to subsection (a).

(c) In order to assist in the performance of the duties of the commissioner under this act, the commissioner may do all of the following:

(1) Share documents, materials, or other information, including the confidential and privileged documents, materials, or information subject to subsection (a), with other state, federal, and international regulatory agencies, with the National Association of Insurance Commissioners, its affiliates or subsidiaries, and with state, federal, and international law enforcement authorities, provided that the recipient agrees in writing to maintain the confidentiality and privileged status of the documents, materials, or other information.

(2) Receive documents, materials, or information, including otherwise confidential and privileged documents, materials, or information, from the National Association of Insurance Commissioners, its affiliates or subsidiaries and from regulatory and law enforcement officials of other foreign or domestic jurisdictions, and shall maintain as confidential
or privileged any document, material, or information received
with notice or the understanding that it is confidential or
privileged under the laws of the jurisdiction that is the
source of the document, material, or information.

(3) Share documents, materials, or other information
subject to subsection (a) with a third-party consultant or
vendor provided the consultant agrees in writing to maintain
the confidentiality and privileged status of the document,
material, or other information.

(4) Enter into agreements governing sharing and use
of information consistent with this subsection.

(d) No waiver of any applicable privilege or claim
of confidentiality in the documents, materials, or information
shall occur as a result of disclosure to the commissioner
under this section or as a result of sharing as authorized in
subsection (c).

(e) Nothing in this act shall prohibit the
commissioner from releasing final adjudicated actions that are
open to public inspection to a database or other clearinghouse
service maintained by the National Association of Insurance
Commissioners, its affiliates or subsidiaries.

(f) Documents, materials, or other information in
the possession or control of the National Association of
Insurance Commissioners or a third-party consultant or vendor
pursuant to this act shall be confidential by law and
privileged, shall not be subject to open records, freedom of
information, sunshine, or other public record disclosure laws,
shall not be subject to subpoena, and shall not be subject to
discovery or admissible in evidence in any private civil
action.

Section 9. Exceptions.

(a) The following exceptions shall apply to this
act:

(1) A licensee is exempt from Section 4 of this act
if any of the following criteria apply:
   a. The licensee has fewer than 25 employees.
   b. The licensee has less than $5 million in gross
      annual revenue.
   c. The license has less than $10 million in year-end
      total assets.

(2) A licensee subject to Pub.L. 104-191, 110 Stat.
1936, enacted August 21, 1996 (Health Insurance Portability
and Accountability Act) that has established and maintains an
information security program pursuant to the statutes, rules,
regulations, procedures, or guidelines established thereunder,
shall be considered to meet the requirements of this act,
provided that licensee is compliant with and submits a written

(3) An employee, agent, representative, or designee
of a licensee who is also a licensee is exempt from this act
and is not required to develop its own information security
program to the extent that the employee, agent,
representative, or designee is covered by the information
security program of the other licensee.
(b) In the event a licensee ceases to qualify for an exemption, the licensee shall have 180 days to comply with this act.

Section 10. Penalties.

(a) An insurance producer violating this act may be penalized in accordance with Section 27-7-19, Code of Alabama 1975.

(b) Any other licensee violating this act may be subject to the suspension or revocation of the license or certificate of authority of the licensee or, in lieu thereof and at the discretion of the commissioner, the licensee may be subject to a fine of up to ten thousand dollars ($10,000) per violation.

Section 11. Rules.

The commissioner may adopt rules implementing this act pursuant to Chapter 2 of Title 27, Code of Alabama 1975.

Section 12. Severability.

If any provision of this act or the application thereof to any person or circumstance is for any reason held to be invalid, the remainder of the act and the application of the provision to other persons or circumstances shall not be affected thereby.

Section 13. Sections 10A-20-6.16, as corrected by Act 2018-406, the Codification Act, and 27-21A-23, Code of Alabama 1975, are amended to read as follows:

"§10A-20-6.16."
"(a) No statute of this state applying to insurance
companies shall be applicable to any corporation organized
under this article and amendments thereto or to any contract
made by the corporation; except the corporation shall be
subject to the following:

"§27-21A-23.

"(a) Except as otherwise provided in this chapter, provisions of the insurance law and provisions of health care service plan laws shall not be applicable to any health maintenance organization granted a certificate of authority under this chapter. This provision shall not apply to an insurer or health care service plan licensed and regulated pursuant to the insurance law or the health care service plan
laws of this state except with respect to its health
maintenance organization activities authorized and regulated
pursuant to this chapter.

"(b) Solicitation of enrollees by a health
maintenance organization granted a certificate of authority
shall not be construed to violate any provision of law
relating to solicitation or advertising by health
professionals.

"(c) Any health maintenance organization authorized
under this chapter shall not be deemed to be practicing
medicine and shall be exempt from the provisions of Section
34-24-310, et seq., relating to the practice of medicine.

"(d) No person participating in the arrangements of
a health maintenance organization other than the actual
provider of health care services or supplies directly to
enrollees and their families shall be liable for negligence,
misfeasance, nonfeasance, or malpractice in connection with
the furnishing of such services and supplies.

"(e) Nothing in this chapter shall be construed in
any way to repeal or conflict with any provision of the
certificate of need law.

"(f) Notwithstanding the provisions of subsection
(a), a health maintenance organization shall be subject to all
of the following:

"(1) Section 27-1-17.

"(2) Chapter 56, regarding the Access to Eye Care

Act.
"(3) Chapter 54, regarding mental illness coverage.

"(4) Chapter 57, requiring coverage to be offered for the payment of colorectal cancer examinations for covered persons who are 50 years of age or older, or for covered persons who are less than 50 years of age and at high risk for colorectal cancer according to current American Cancer Society colorectal cancer screening guidelines.

"(5) Chapter 58, requiring that policies and contracts including coverage for prostate cancer early detection be offered, together with identification of associated costs.

"(6) Chapter 59, requiring that policies and contracts including coverage for chiropractic be offered, together with identification of associated costs.

"(7) Rules promulgated by the Commissioner of Insurance pursuant to Sections 27-7-43 and 27-7-44.

"(8) Chapter 12A.

"(9) Chapter 54A, requiring policies and contracts to cover certain treatment for Autism Spectrum Disorder under certain conditions.

"(10) Chapter 2B, regarding risk based capital.

"(11) Chapter 29, regarding insurance holding company systems.

"(12) The act adding this amendatory language."
