8 SYNOPSIS: Under existing law, an emergency
9 communications district may release the audio
10 recording of a 911 call only to the caller whose
11 voice is recorded, upon receipt of a sworn
12 affidavit by that caller, or pursuant to a court
13 order. A written or electronic record of a 911 call
14 is subject to public inspection as a public
15 writing, and a transcript of a 911 call shall be
16 available to any member of the public upon payment
17 of a reasonable fee not to exceed the cost of
18 transcription.

19 This bill would provide that an emergency
20 communications district shall provide a transcript
21 of an audio recording to any individual, upon
22 request and payment of a reasonable fee not to
23 exceed the cost of transcription, and would require
24 an emergency communications district to maintain
25 records of all 911 telephone calls following the
26 effective date of this act.
